

## **Sir Walter Raleigh Pub**

March has been a fun month at the SWR. St Patrick's Day was our second busiest day since we started and our first anniversary party on 25 March was the third busiest. Mother's Day sandwiched between these two events was the most covers we've served in a single day.

Walt's is becoming more and more popular, and we also catered for the community shop annual lunch which we were delighted to do.

Unfortunately, we are on the search for a permanent chef again. We know exactly what we need so we're taking our time, and meanwhile we have had great chefs supporting. That will continue until a permanent chef is appointed.

It's the end of our financial year this week, so we're busy making sure everyone is organised for an AGM in a couple of months' time.

Meanwhile we're doing everything we can to make the pub a great place to visit.

We hope to see you all there.
