

Sir Walter Raleigh Report – June 2023

Work has continued apace in the flat above the pub and finishing touches are being made with a view to starting rentals sometime in July.

Otherwise, the pub continues to be well supported and is thriving. Music nights and quiz nights continue to be well supported with the quiz nights raising decent amounts for charities.

Recent issue in the kitchen with historically poorly maintained equipment reaching the end of its life, but all in hand and should be resolved by the end of this week. Caused reduced menu but customers still happy to attend.

The pub has supported local events by extending opening hours and had a very busy weekend over the Scarecrow Festival.
